CREATURES WE HAVE FOUND - ESTABLISHED AND AWARDED BADGE FAMILY

HOW THE BADGE IS EARNED

The District disputes a source-backed statement by fiat: in effect, 'correct because we say so.'

CONFIRMED PLATE - CANONICAL BADGE ART

SENIOR INVESTIGATOR'S FIELD NOTE

The species is established. Watch for a source-backed fact displaced by a bare official conclusion. Repetition can be a clue, but the badge turns on the fiat.

WHAT THIS PLATE MEANS

This creature is not merely rumored. Its badge family has already been awarded in the registry. This addendum records the known species without assigning another award or changing any count.

HOW THE BADGE IS EARNED

A purportedly clever maneuver creates greater, distinct correction-pressure, disclosure, preservation, finality, or access consequences than a good-faith merits response.
